

The **Smarter Choice**

**Dry Stretch fabric
The Technical Range**

**(DL900, DL901, DL902, DL903, DL904, DL908, DL909,
DL911)**

Fabric Construction: 92% Nylon, 8% Elastane

By drawing moisture away from the body the skort keeps you feeling dry, cool and comfortable. The fabric is also easy to care for.

WASHING

- **Wash at 40°C** or if "Not too dirty, wash at 30". Higher temperatures may cause shrinkage, affect the colour or weaken the fibres. Wash dark colours separately. Avoid strong fabric conditioners as they can break the fibres

IRONING

- There is no need to iron the Fabric. If necessary use a cool iron through a damp cloth.

DRYING

- This fabric can be tumble dried on a low heat for a short time, although it's not recommended.
